MEMORANDUM FOR: Acting Assistant Director, OSA

SUBJECT : Proposed Shuttle Stop at Palmdale,
California

25X1A 1. Attached to this memorandum is a copy of a trip
25X1A report for a recent visit by members of this staff to
the Production Test Flight Installation at Palmdale,
California. The primary purpose of the trip was to
examine the facility from a Security standpoint, in order
to make recommendations regarding establishing a shuttle
stop for transporting personnel [redacted] You will
recall that Mr. Kelly Johnson expressed interest in this
during the past year, and [redacted] has repeatedly
requested that consideration be given to a Palmdale stop.

2. It would appear that although some problems can
be anticipated, a stop may be warranted and could be toler-
ated, with strict controls, as far as Security is con-
cerned. It is suggested that you may wish to confer with
Mr. Johnson to solicit his current thoughts on this
subject.
